## WORK ON "GYM" BEGINS THIS WEEK

### Give Concert Of Glee Club On Thursday

Annual Home Appearance Of  
Men's Musical Organization  
To Be Held This Week

By Jack Rudolph

The Men's Glee Club, forty-two strong, just returned from its thirty-third annual concert tour, will present its home concert Thursday night at the Memorial chapel. Blue Key and Mu Phi Epsilon have been pushing the ticket sale during the past week, and from all indications, a large crowd will hear the club in its home debut.

The club, in the tour just completed, presented concerts in twelve cities of Wisconsin and Illinois, singing before large and enthusiastic audiences. Wisconsin cities visited on the trip include Manitowish, Sheboygan, Milwaukee (two concerts), Waukesha, Kenosha, Elkhorn, Janesville, Oconomowoc, and Oshkosh, while concerts were also given in Elgin and Rockford, Illinois. In addition to the home concert, the club will sing at Neenah tonight and at Brillion on April 20.

#### Program

The program presented under the direction of Dean Waterman of the Conservatory contains a wide range of songs, varying from the stirring march tempo of "The Border Ballad," by Maunders to the lightness and charm of "Securities," and back to the dramatic "Song of the Camp," by Stewart. Especially effective are two ancient German songs, "At Parting" and "Dawn Through the Wood," both of which are sung without accompaniment. Other selections of merit are "The Four Winds," by Bornschein, "The West," by Olds, and "My Johnny Was a Shoemaker," arranged by Deems Taylor as a rollicking sea chantey. The club also presents two other chanties, "Shenandoah," and "As Off to the Southward We Go."

#### Soloists

Wenzel Albrecht, instructor in violin at the Conservatory, is again violin soloist with the organization, and Mr. Albrecht will give two groups at (Continued on Page 6)

### American Fanaticism Is Convocation Topic

Miss Dorothy Waples addressed the student body at convocation Thursday, taking as her subject American fanaticism.

"I suspect that it was not recently that we became fanatics," she said, and quoted comments by English travelers about the American of the early nineteenth century. In these readings the fondness of the Americans for "empty titles," liberty, religion, morality, and money-making was emphasized.

"It must not be supposed that the American of these good old days never wished to enjoy life," she continued, reading Mrs. Trollope's descriptions of some of the amusements of the time.

Next she read some comments on America written in 1926 by an Englishman, Aldous Huxley. In these comments were seen the same sensationalism and strenuousness in work and play that were shown in the earlier picture.

"Yet at times there stir in me intimations that if the right thing happens, there may come in our land a generation of men who will be not children of pride but heirs of salvation," she concluded.

### Alumnus Is Elected To Membership In Sigma Xi

Albert Peterson, '27, has recently been elected to membership in the California chapter of Sigma Xi, a society which has a standing in scientific circles corresponding to that of Phi Beta Kappa in the field of liberal arts. Mr. Peterson is also a member of Phi Beta Kappa.

Mr. Peterson is a teaching fellow in zoology at the university of California, and is pursuing graduate study in that institution for the Ph.D. degree.

### World Philosophy Given By Religion Says Chamberlin

Lecturer Gives First Lecture To  
Lawrentians in Convocation Monday

By Ethel Blake

"Religion gives me a world philosophy, it gives me a personal dynamic, it gives me a social hope, and it gives me an abiding fellowship." These were the reasons for religion, as presented by Dr. Roy Bullard Chamberlin, fellow in religion at Dartmouth College, in the first of his series of four lectures at convocation Monday.

Dr. Chamberlin stressed the importance of living with religion. He pointed out the skepticism sometimes found among students, and urged them to try genuine religion as a means of overcoming it. "I can't prove it by any mathematical theory, for it works," he said.

#### Addressee Easter

Dr. Chamberlin also gave a short address at the Easter vesper service held at 4:30 Sunday afternoon under the auspices of the Y.W.C.A. Emphasizing the importance of Easter he said, "The Easter fact is the most important fact in the world for you and me."

Arrangements for music were made by Dean Carl Waterman. A quartette composed of Dean and Mrs. Waterman, Miss Helen Mueller, and Carl McKee sang three numbers: "Christ Is Eternal" by Protheroe; "In Joseph's Lovely Garden," an Old Spanish Arr. by Clarence Dickenson; and "Hosanna," Granier.

Miss Mueller sang "Eastertide," by Little; and Mildred Evans, organist, played "Old Refrain," Kreisler, and "Laus Deo," Dubois.

### Contests For Speakers To Be Held Here

Scholarships and Medals Will  
Be Given to Orators and  
Extempore Speakers

By Ervin Marquardt

The annual state oratorical and extemporaneous speaking contest of Wisconsin high schools, which the Lawrence department of public speaking has sponsored for many years, will be held this year on May 17.

Only those schools which have established strong records in the field of forensics are admitted to this contest. Each school may send two representatives, one to participate in the oratorical contest, and the other in extemporaneous speech. Valuable scholarships will be awarded to the winners of first, second and third places in each of the divisions. The winners will also be given gold, silver and bronze medals, and the school having the highest team percentage will be awarded a handsome shield.

Many of the outstanding men in Lawrence forensics made their first appearance on the local platform while representing their respective high schools in one of the Lawrence conducted contests. Willard Henoch, Chester Seftenberg, and Win Bird, all '26, a trio of the best debaters Lawrence has ever had, were products of these contests, and four men of this year's varsity debate team, Kinson, '27, and several others, '30, won honors for their high schools by participating in one of these events.

### New Beds, Mattresses For Two Dormitories

Forty new beds and mattresses were installed in Brokaw hall and ten in Ormsby hall during the spring recess. It was decided last fall that the first improvement in Brokaw hall would be to fit the remaining rooms with new beds. Those replaced in the center and north sections, which were purchased during the World War and in use since that time, were not equipped with mattresses, but with the old army cot pads.

Harlan Hackbert, '27, a law student at the University of Michigan, is spending his spring vacation at his home in Appleton.

### Educational Guidance Through Publicity Is Conducted By College

Educational and vocational guidance, through organized publicity and circulation, is being conducted by the college this year in its work with prospective students.

From ten to eleven thousand copies of "Why Choose Lawrence?", the issue of the college bulletin for Jan. 1, were sent out to the senior students of the various high schools of the state. Enclosed in the folder was a government postal card which the student could return if he desired further information about business, teaching, journalism, law, music, chemistry, medicine, preaching, or social work. Over seven hundred of these cards, 500 from girls and 200 from boys, have been returned to the college office, showing a great preference for business courses. Others have responded with interest in pre-medic, pre-law, social service, preaching, and engineering courses.

Specific pamphlets on the subjects listed on the cards are now being prepared. One on teachers training has been published and others on business, journalism, music, and chemistry are to follow. The other subjects of interest to high school students are to be dealt with by personal correspondence.

Visits to various high schools of northern Illinois, upper Michigan and Wisconsin are to be made by Gordon Clapp, personnel director, and Norman Knutzen, instructor in composition. Trips to high schools of the adjacent territory will be made by other faculty members, and in every case

### Preliminary Plans Are Made For May Fete

Preliminary plans for the annual Lawrence May Fete are being completed, according to announcement made by Miss Katherine Wisner, director of the department of physical education for women.

The celebration, to be called "The Queen's Revels," is unique and includes features different from any given at previous May fetes. It will open with a processional concluding in the traditional crowning of the best loved girl as Queen of the May. For the entertainment of the queen there will be folk dances, tumbling acts, choral singing, a play, "The Six Who Pass while the Lentils Boil" by Stuart Walker, and finally the winding of the May pole.

### Cornerstone To Be Laid As Part Of Graduation Exercises Here June 9

Five Are Initiated  
Into Numeral Club

Margaret Zemlock, Eunice Matheson, both '28, Pearl Seybold, '30, Jane Jolliffe, and Dorothea Krause, both '31, were initiated into Numeral club Wednesday, March 28, at Hamar house.

Zemlock, who has already passed the 500 mark and has won an "L" sweater, Seybold, and Matheson received their numerals at the beginning of the year. Jolliffe and Krause are the first freshmen this year who have earned the 150 points of W.A.A. credit necessary for numerals.

After the ceremony, the initiates entertained with stunts and songs.

### Sunset Players To Present Three Act Farce On April 18

Cast of Six Players To Appear In  
"Her Husband's Wife," A.  
E. Thomas Play

With a play replete with catchy lines, intriguing situations, and high-powered romance, Sunset players will present the Lawrence chapter of "Her Husband's Wife" on Wednesday, April 18.

"Her Husband's Wife" is a three-act modern farce, which had a long run at the Garrick Theatre in New York, and a subsequent long run in stock. In the original cast, Laura Hope Crews played the part of Irene Randolph, the wife who selects a second wife for her husband. Appleton followers of the theatre will remember that Laura Hope Crews played in the original cast of "The Silver Cord" and directed the road company of the Theatre Guild which presented this play in Appleton.

#### Author of Play

A. E. Thomas, the author of "Her Husband's Wife," wrote the play after fifteen years of newspaper work in New York city, and the play discloses remarkable psychological insight into the lives of modern society (Continued on Page 2)

### Excavation to Get Under Way Immediately; Structure To Cost \$300,000

By Anna Marie Perschbacher

Saturday, June 9, as part of the Commencement exercises, the cornerstone of the new Alexander gymnasium will be laid. Preliminary plans for the \$300,000 building, incomparably the finest gym in this section of the country, have already been approved and excavation will begin this week. May 12 is the date set for the completion of the detailed plans and the contracts will be let within the following two weeks.

The new gymnasium, which will be three times as large as Main Hall and cost two and one half times as much as Russell Sage, will be built of Lannon stone.

#### Swimming Pool

A swimming pool 75x30 and 10 feet deep is one of the main features of the ground floor. It is equipped with three, six, and ten foot spring boards and has six swimming lanes. It is regulation size for a water polo court and is built to accommodate one hundred and fifty swimmers. Bleachers are built along the sides. There are boys' and girls' shower rooms, dressing rooms, and locker rooms, rooms for the storage of swimming suits.

There are four hand ball courts and two squash courts on the ground floor. They are built in such a way as to provide for instructor's supervision of all the courts from the mezzanine floor. An indoor track and golf cage 40x110 feet and 18 feet high with a 30 yard straight away is another feature of the ground floor.

#### Mezzanine Floor

The mezzanine floor includes the girls' locker room, rooms for bleacher storage, a men's cloak and club room, and living quarters for the janitor. The locker rooms will accommodate one thousand people.

The entrance foyer is 16x86 feet with a reception room and offices for three directors at either end. The main auditorium, 107x175 feet and 28 feet high to the bottom of the beams, is equipped with movable bleachers to seat three thousand people. With the bleachers in place the actual playing floor is 50x90.

On the second floor there are special practice rooms for wrestling, boxing, and fencing, and a girls' reception and club room. There are also three special practice rooms on the third floor.

The building will be heated by an oil burner thermostatically controlled from each room.

### The BILLBOARD

Wednesday, April 11—German Club Plays at Methodist Church.  
Thursday, April 12—Glee Club Home Concert.  
Saturday, April 14—Phi Kappa Tau House Party.  
Monday, April 16—Galli Cerei Concert.  
Tuesday, April 17—Spanish Art Lecture, Isabella de Palencia.  
Wednesday, April 18—Sunset Play, "Her Husband's Wife" at chapel.  
Saturday, April 21—Sigma Phi Epsilon Formal.  
Friday, May 18—"The Ship", all college play, at Appleton theatre.

### HERE'S THE NEW LAWRENCE COLLEGE GYMNASIUM

## Alpha Dels, Phi Taus, Top Greek Grades

**Sigma Phi Epsilon and Alpha Gamma Phi Hold Second Honors**

The men of Phi Kappa Tau with an average of 83.7 and the women of Alpha Delta Pi with an average of 84.8, lead the fraternity and sororities of the campus in scholarship for the first semester, according to figures given out last week by the office of O. A. Meade, registrar.

The epochal increase of the Phi Taus from last place with 77.8 for the first semester of last year and 79.44 for the entire year to 83.7 last semester is probably no more surprising than their drop from first place in 1925 to the bottom of the list in 1926. The Phi Tau average of 83.7 this semester is the highest average attained by a fraternity on the Lawrence campus since 1923 when the same group established a college record of over 85.

Sigma Phi Epsilon, which took the scholarship cup last year, holds second place among fraternities with an average of 81.6, as compared to an 82.6 for the first semester last year. Delta Sigma Tau is third in rank with an 81.3 average. They had an 82.4 average for the first semester last year. Delta Iota brought their first semester average of last year from 78.8 to 81.0 for fourth place among fraternities. Beta Sigma Phi has an 80.0 average for last semester as compared to an 80.0 average for the corresponding term last year. Psi Chi Omega has a 79.9 average for last semester. They held third place for the first semester last year with an 81.3 average. Theta Phi follows the Psi Chi's for seventh place by the margin of one-tenth of a point. The Theta Phi average during the fall term in 1926 was 78.2. Phi Kappa Alpha had an average of 79.95 during the first semester last year but dropped to last place last semester with a group grade of 76.3.

### Sorority Grades

Alpha Delta Pi, in first place with 84.8, was in fifth rank among the sororities for the first semester last year with an 82.0 average. Alpha Gamma Phi raised their group total from 80.0, which was last among the women's groups for the first term last year to 84.0 for second honors so far this year. Kappa Alpha Theta again holds third place for the first semester. (Continued on Page 6)

## Nearly \$13,000 Loaned To Lawrence Students By Harmon Loan Fund

Within the past six years ninety-two students at Lawrence college have borrowed a total of \$12,825 from the Harmon Loan fund which was founded by William E. Harmon in 1922. Of the \$4,000 which was appropriated to Lawrence for this year, \$3,625 has already been loaned, and this amount is distributed among 22 borrowers.

The Harmon Loan fund has as one of its aims to teach young people early in life that good character is a business asset. Mr. Harmon says, "We believe that character, with group responsibility, is a sufficient collateral for student loans, and the extremely small percentage of loss sustained over a period of six years is statistical proof that our theory is sound."

The students who borrow from the Harmon fund must be working for a bachelor or higher degree, and must be recommended by the loan committee of their own colleges. They must be in their junior year or above, except under the Harmon-College Cooperative Plan, when they may begin to borrow in their sophomore year.

Under the Harmon Plan, the maximum loan is \$250 a year, and under the Harmon Special Student Plan for borrowers in non-affiliated colleges, \$200. A borrower under the Harmon-College Cooperative Plan may obtain as much as \$300 annually, one half of which is furnished by the Foundation and the other half by the college either in cash or in deferred tuition notes. All contracts provide an interest charge at six per cent from the date the loan is made. Repayments in five dollar monthly installments are made beginning six months after graduation. One year after graduation, the installments become ten dollars and are continued at that rate until the entire amount has been paid.

One of the outstanding features of the Harmon Loans is the Certificate of Honorary Membership in the Foundation which the student receives upon the satisfactory discharge of his debt. This certificate, endorsed by three New York bankers, is a definite aid in securing employment or negotiating future loans, as it indicates an attitude toward obligations that the student may be expected to carry over with him into whatever he does. Since its beginning in 1922 this organization has loaned a total of \$374,482 to students in 73 colleges, with constantly increasing annual appropriations. This year a total of \$129,550 was appropriated, from which 528 college people have already borrowed \$95,760.

## Ray Richards Named Business Manager Of 1928 College Play

**Diehl Snyder to be Stage Manager; Ruth Ann Linn in Charge of Properties**

Ray Richards, '28, Negaunee, Mich., is business manager of "The Ship," by St. John Ervine, this year's All-College play which is to be presented at Fischer's Appleton theatre May 18, according to an announcement by Miss Lucille Welty, who is in charge of the presentation. Richards was also business manager of "You Never Can Tell," last year's All-College production.

The business manager is in charge of all finances, advertising, programs, and the ticket campaign. Chairmen and committees to assist the business manager have not yet been chosen.

### Snyder Stage Manager

Diehl Snyder, '29, has been named stage manager. He will be assisted by Henry Berzinsky, '30. Ruth Ann Linn, '29, is chairman of the properties committee, with George Krause, '29, as her assistant. Sophia Haase, '29 is chairman of the wardrobe committee, with Ruth Ann Linn as her assistant.

The settings for the first act are in charge of Margaret Boslough, '29, and Agnes MacInnis, '29, and Diehl Snyder are members of the committee. Helen Greenwood, '28, is chairman of the committee for the settings for the second act. Sophia Haase, Henry Berzinsky, and Ruth Ann Linn will assist in the work. Ship models and posters are in charge of George Jacobson, '28. Also serving on the ship models committee are Margaret Boslough, Marielle Edens, '28, and George Krause.

The cast includes Ferne Warsinske, Gladys Rydeen, John Robson, Marielle Edens, George Jacobson, all '28, John Walter and George Krause, both '29. All are prominent in campus dramatic activities and have had much experience in dramatics in former years.

### Offered Assistantship

Eunice Matheson, '28, has been offered a teaching position assistantship in psychology at the University of Minnesota. Miss Matheson, who has majored in psychology at Lawrence, plans to specialize in child psychology.

### Speaks At Easter Service

William Herman, '30, was the principal speaker at an Easter service held in the Salvation Army rooms on W. College avenue Sunday evening.

## Sunset Will Present "Her Husband's Wife"

(Continued from Page 1)

people, combined with witty dialogue and fast-moving action.

The story of "Her Husband's Wife" centers around Irene, a hypochondriac with unknown ailments and mystic pills. Believing herself to be "not long for this world", she proceeds to select a second wife for her husband. She chooses Emily Ladew, not knowing that Emily had recently been engaged to her brother, Richard. Emily accepts the proposal, flirts outrageously with the husband, provokes Richard to wrath, and causes many complications. She is assisted in her clever plan by Uncle John, a "big steel and iron man from the West."

The reserved seat sale for the presentation will open at Belling's drug store, Friday, April 13. Tickets are 50 cents.

### Cast

Stuart Randolph, a good-looking young husband—Ken Miles  
Richard Belden, his brother-in-law, Ray Richards  
John Belden, the genial uncle of Irene and Richard—John Robson.  
Irene Randolph, wife of Stuart—Verel Knaup.  
Emily Ladew, her friend—Agnes MacInnis.  
Sora, a maid—Bernice Kleeman

### Production Staff

Director—Agnes MacInnis  
General Production manager—John Walter  
Business manager—Ray Richards  
Assistant business manager—Diehl Snyder  
Stage managers—William Meyer, and Herbert Ungrodt  
Property manager—Dan Hopkinson  
House manager—Edward Detloff  
Tickets—Henry Stowe, Margaret Heckle, Gladys Rydeen, Rubie Diebert, and Morillae Walker  
Head usher—Mary Classen  
Posters—George Jacobson, and Bernita Danielson.

## Walk To New Gymnasium Is Under Preparation

The shallow ravine between the roadway leading to the athletic field and the Northwestern railroad tracks is being filled in with dirt. When the work is completed a foot path will be built over the newly filled part which will lead from John street to the new gymnasium.

Eventually the college plans to build a cement walk there, but this will not be possible until the ground which is being put into the ravine now is completely settled. Since settling requires at least one or two years, the cement walk will not be built for some time.

## Girls Break Ground For 'Gym' And Hearts Of Blue Key Men

By Margaret Joslyn

It was a blue Monday for Blue Key, men's honorary fraternity. With a camera and a shovel the makers of history went to the site of the new campus to break ground for the new boys' gymnasium. But the ground was already broken—by Mortar Board, girls' honorary organization.

At seven o'clock Monday morning thirteen girls in caps and gowns carrying hot water bottles to soften the frozen ground, wended their solemn way over the ice covered site. Feminine hands cleared the location and feminine feet pressed the Junior spade through the ground which will

bear the \$300,000 building where future basketball stars and track men will train.

Accompanied by a Lawrentian reporter, three hours later the officials of the boy's fraternity, framed by Mortar Board, arrived to perform the ceremony. "Ground for New Alexander Gymnasium broken by Mortar Board" proclaimed a signboard above a newly turned foot of sod.

The women had the first word. But the men had the last deed. They re-ploughed the ground, posed for the photographer, and, ten minutes later, the Mortar Board sign floated down the Fox River.

## MEN'S GLEE CLUB TO APPEAR IN HOME CONCERT THURSDAY

### Galli-Curci Concert Will Be Given Here Next Monday Evening

Famous Singer To Present Postponed  
Concert of February 22, in  
Memorial Chapel

Amelita Galli-Curci, noted coloratura soprano, will appear in concert at Lawrence Memorial chapel Monday evening, April 16.

Possessing a warm and sparkling voice, the great singer readily gained fame and success after her debut at Triani, Italy, in "Rigoletto". Her first appearance was so successful that she was given engagements to sing at the famous Constanzi theatre in Rome. Following these concerts, Galli-Curci sang in Italy, Egypt, Russia, Spain, and South America, being enthusiastically received wherever she appeared.

#### American Debut

The world famous soprano made her first public appearance in Chicago before a large crowd and later sang at the Metropolitan opera house in New York where thousands came to hear her. Following her American debut, Galli-Curci spent nine years in this country and then left for one concert tour through the British Isles, Australia, and New Zealand.

In her years on the concert stage and in opera, the fame of the great soprano have steadily grown. She is famous for her brilliant coloratura flights, for her clearness and truthness of tone, and for the unusual sympathy with which she presents her songs. Being acquainted with English, French, German, Spanish, and Italian, she can interpret foreign songs accurately and in a delightful manner.

The Appleton concert of the singer was originally scheduled for February 22, but due to her illness it was postponed to the present date.

### Earn Extra Credits During Summer Vacation

The change and recreation so necessary to everyone are here combined with superior opportunity for educational advancement. Boating, swimming, tennis, concerts, dramatic performances, inspiring lectures, etc., are all available. Organized excursions to industrial, financial and art centers of Chicago. Courses covering full year's work in General Chemistry, Physics or Zoology, for students interested in Medicine, Dentistry or Engineering.

### N. U. SUMMER SESSION ON THE SHORE OF LAKE MICHIGAN

Opens June 25, 1928, and includes:

Graduate School      Law School  
College of Liberal Arts      School of Music  
School of Commerce      School of Speech  
School of Education      School of Journalism

Send for FREE Booklet  
Booklet, "Education Plus Recreation," describes the course of NORTHWESTERN UNIVERSITY SUMMER SESSION and its recreational and educational advantages.

Address: WALTER DELL SCOTT, President  
NORTHWESTERN UNIVERSITY  
135 University Hall      EVANSTON, ILL.

### Many Outstanding Features On Dramatic, Music Program

By Elsa Grimmer

A variety of outstanding and interesting numbers are included in the music and dramatic calendar of this year at Lawrence. World famous artists as well as college and conservatory faculty and students have presented unusually fine programs this year.

The music season was opened early in October when Marian Talley, the twenty-year old prima donna soprano, sang before the largest audience ever assembled in Lawrence Memorial chapel and won the unanimous acclaim of her hearers. The second number of the artist series was given in early December when Louis Gravere, versatile noted baritone, presented a concert in which his striking personality and finished artistry were outstanding.

#### Pablo Casals

The Spanish 'cellist, Pablo Casals, whose skill and musicianship have won for him the title, "the world's greatest 'cellist", gave the third number of the artist series in chapel in January. In February, Walter Gieseking, noted pianist, played a concert which was marked by charming musical interpretation; the artist series was closed with the appearance of the English Singers in a concert of delightful, old music.

#### Kreisler and Galli Curci

With the appearance of Fritz Kreisler, world-famous violinist, in March, the music program reached its climax. Galli Curci, noted soprano, is to appear at Lawrence Memorial chapel next week.

A number of concerts were given throughout the year by members of

the conservatory faculty. Miss Helen Mueller, contralto, who had taught in Chicago last year, made her Appleton debut in a delightful program early in the year. Miss Frances Moore, 'cellist, made her first Appleton appearance soon after in an interesting concert.

Miss Gladys Yves Brainard, pianist, and Marion Hutchinson McCreedy, soprano, each gave a recital which delighted the large audiences present. The conservatory orchestra, under the direction of Prof. Percy Fullinwider, gave its annual mid-winter concert in February. In addition students recitals were frequently held at Peabody hall, some of them being featured by original compositions.

#### Glee Club Concert

On Thursday evening, the Lawrence college glee club, which recently returned from its thirty-third annual tour, will present its home concert. The music season will come to a fitting close with the May music festival scheduled for May 13 and 14, the program of which includes music by the Minneapolis symphony orchestra, a chorus under the direction of Dean Waterman, and several soloists.

Perhaps the outstanding number on the dramatics calendar was the appearance at Memorial chapel of the Theatre Guild of New York in Sidney Howard's "Silver Cord". The Sunset Players, campus dramatics organization, successfully presented A. A. Milne's "Romantic Age" and "Twelfth Night" by Shakespeare. Coming events of the dramatic program are the All-college play, "The Ship" and the Sunset play, "Her Husband's Wife."

### Two Recent Debates Are Judged By Franzke

Professor Albert A. Franzke was single expert judge at a debate between Ripon college and the University of Redlands of Redlands, California, on Friday, March 30. He also acted as the only judge at a debate between Marquette University and St. Thomas College of St. Paul, Minnesota, which was held at Milwaukee, March 31.

### Book By Kinsman To Be Placed in Library

"Economics" or "The Science of Business," a book written by Dr. Delos O. Kinsman, formerly of the Lawrence faculty and now a professor at the University of Washington, has recently been published and will be available at the college library in the near future.

### LAWRENCE COLLEGE

When Dr. Wriston spoke in convocation last spring, the student body learned things about Lawrence, its resources, its educational advantages, and its faculty, which for many cast an entirely different light on their conception of Lawrence's place in the collegiate sun. Feeling that a review of this information would be valuable, the Lawrentian has gathered this material to again present it to the student body.

Lawrence, in addition to having the youngest college president in the United States, has a faculty of fifty-five members, of which twenty-two hold the degree of Doctor of Philosophy, the highest number with this degree on any faculty in the middle west. It has been endorsed by the General Education Board, is affiliated with the Carnegie Foundation for the Advancement of Teaching, is one of the 96 colleges endorsed by the Association of American Universities, and one of the 84 colleges recognized by the American Association of University Women. It is included on all lists of standard American colleges, and its credits and certificates are accepted at full value in all graduate schools. Lawrence is one of the forty-five colleges having chapters of Phi Beta Kappa, and in addition there are chapters of eleven other honorary societies on the campus, including honor groups for leadership, dramatics, forensics, journalism, and languages.

The 1,100 students enrolled in the college come from 14 states and there are five foreign students from Japan, China, and Korea. The campus of 14 acres and 17 buildings is valued at \$1,270,000, and it has an endowment of \$1,780,000. The Carnegie Library contains 45,000 books. The Conservatory of Music is ranked high nationally in musical circles and its Men's Glee club is recognized as one of the best in the Midwest.

Since 1893 Lawrence has been one of the leading middlewestern colleges in the athletic world, and today it has a new athletic field and well equipped field house that are as good as any in this section of the country. At this writing ground has just been broken for the new gymnasium, which, when completed, will be the finest college "gym" in the middle west. Lawrence is a member of the Midwest and newly organized Wisconsin State athletic conferences, and is also a member of the Midwest forensic league.

With these and many other advantages, it is not strange that Lawrence stands close to the top in educational circles, as one of the finest and best colleges in the country.

### GLEE CLUB HOME CONCERT

The Lawrence college Glee Club will present its annual home concert in the Memorial chapel Thursday evening, having returned from its two weeks' tour of southern Wisconsin and Illinois. In an effort to bring a booster crowd out for the event, Blue Key has taken charge of the sale of tickets and will handle the affair in conjunction with Mu Phi Epsilon. In addition to a concentrated drive on the ticket sale the most extensive advertising campaign ever attempted for the glee club is being carried out, and it is hoped that these preparations will result in the largest crowd that has ever attended the home debut of the organization.

For thirty-three years the Men's Glee Club has been making an annual tour through Wisconsin and neighboring states, presenting its concerts in both large and small cities, and today, as a result of its work, enjoys the reputation of being one of the best college glee clubs in the middle west. The members of the club this year, as in years past, have practiced almost daily for over five months to master their repertoires, sacrificing much to attend these practices. It is only just that the college repay these men for their efforts by a 100% attendance at the home concert Thursday night. To Dean Waterman, who has shared the fortunes of his organization for eighteen years, the student body owes this expression of appreciation, if only out of consideration for the great services the "Judge" has rendered Lawrence. With a personnel of forty-two voices, the largest group ever to represent the college, this year's glee club is rated as one of the best in the history of the organization, and those who attend are assured that their time and money will not be spent in vain.

## Joint Conferences Are Held By Three Organizations Here

Science Groups Conduct Two Day Meetings Over Past Week-end

A two day joint conference of the Wisconsin academy of sciences, arts and letters, the Wisconsin archeological society, and the midwest museums conference was held at Lawrence college Friday and Saturday, April 6 and 7. This was the first time these three societies have met in a joint convocation. Discussion subjects ranged from the microscopic flora content of Madison lakes to the atomic weight of arsenic and from Eskimo picture writing to the red salmon of Karluk.

The session was opened by N. C. Fassett, university of Wisconsin botanist, who read two papers, one on Wisconsin's oldest families, and the other on a call for amateur botanists. S. A. Barrett, head of the Milwaukee museum and chairman of the conference, and R. N. Buckstaff, who is in charge of the Oshkosh museum, led a discussion of Lawrence Vale Coleman's "Manual for the Small Museum." Dr. John B. MacHarg of the Lawrence history department, spoke on the visual methods and devices for museums and schools. Other talks in the morning session included a discussion and analysis of the chemical and botanical composition of aquatic plants and flora in Lake Mendota, Green Lake, and Lake Wingra.

In the afternoon, Louise P. Kellogg, of the Wisconsin historical library, told about the Wisconsin Indians after the British conquest, 1761-1775, and Charles E. Brown, curator of the State Historical museum and authority on Indians talked about the pottery repository at Ann Arbor.

Albert O. Barton told about the early Chicago immigration society, and Theodore T. Brown spoke on Indian trade clasp knives from Lake Koshkonong.

The movie, "Hawaii, the Paradise of the Pacific," held at the Congregational church Saturday afternoon, was well attended. S. A. Barrett, who took the pictures when on a trip through Hawaii, talked. Movie companies have endeavored to purchase these pictures, which are remarkably interesting and well taken.

Friday evening the annual dinner of the societies was held at Brokaw hall. Following the dinner, President Henry Wriston gave an address, "The Department of State," and George I. Kemmerer, Wisconsin university professor who recently took a trip through some of the rather unfamiliar portions of Alaska, spoke on "The Red Salmon of Karluk." His talk

## Senora de Palencia, Famous Lecturer From Spain, To Lecture Here

Senora Isabel de Palencia, famous lecturer on Spain, will afford Lawrence students the unusual opportunity of hearing a cultured Spaniard of the finest type when she speaks here on April 17. She will speak under the auspices of the Spanish club, at Peabody hall.

This will be Senora Palencia's second appearance at Lawrence. Three years ago when she lectured here on Spanish regional costumes, her charming personality won for her many admirers. Senora Palencia embodies the wit, fineness, and vivid graciousness so typically Spanish, and these qualities joined with the content of her talks, have won for her a world-wide recognition. She has received the official commendation of His Majesty the King of Spain for her work in promoting the knowledge of Spanish culture.

She has appeared in Paris under the patronage of Madame la Duchesse de Rohan, in London at Aeolian hall, Victoria and Albert museum, at the International Suffrage club, the London Forum club, and at private homes. In America she has lectured at various universities and colleges, women's clubs and museums, and at convent schools and seminaries.

## Writing Contests To Close On April 17

Students entering the Hicks and Reid prize contests must turn in their material to Prof. F. W. Clippinger not later than April 17.

Awards for the Hicks contests, open to students in the upper three college classes, are given for the best short story and the best poem submitted.

The prize for the Reid contest, open to students in all four classes, is given each year to the student who writes the best essay of from 1000 to 2000 words.

was illustrated with moving pictures.

On Saturday morning George Wagner, of the department of zoology at the University of Wisconsin, told of the university bird-banding station and its work.

Dr. L. A. Youtz, of the Lawrence chemistry department, discussed the mineral content of the Great Lakes and the redetermination of the atomic weight of arsenic.

Ira Edwards and Gilbert O. Ransch, noted geologists, spoke on recent studies of the Wisconsin Cambrian, the origin of Crater Lake, merestomes of the Wisconsin Cambrian, and the devonian section of Little Traverse Bay, Michigan.

## Viking Track Team For '28 Is Powerful

Lawrence Almost Impregnable in Distance Events; Hyde Twins Captain Squad

**1928 Track Schedule**  
 April 19—At Lake Forest.  
 April 29—Oshkosh State Teachers' College Here.  
 May 5—Hamline Relays at St. Paul.  
 May 12—Dual Meet with Beloit at Beloit.  
 May 19—Dual Meet with Marquette at Milwaukee and High School Interscholastic at Lawrence.  
 May 26—Quadrangular Meet with Ripon, Beloit, and Carroll at Lawrence.  
 June 1, 2—Midwest Meet at Ripon.

By Hayward Biggers

In preparation for the first track meet of the 1928 season which is to be held at Lake Forest, Saturday, April 19, Coach A. C. Denney is working his squad daily in the hopes of developing some field men to balance the excellent track material.

**Hydes Lead Tracksters**

On the cinder track, the Blue and White will have a representation that will be hard to beat. With co-captains Doug and Don Hyde, Pope, Brussat, and Clark in the 100 and 220 yard dashes, Lawrence should pick up plenty of points in these two events, and the Hydes with Pope are almost a certainty in the 220 low hurdles. Doug won this event regularly last year until the Midwest meet, when he fell, after having a lead of almost one hurdle over his nearest rival. He is expected to break the midwest record of :25 flat this year.

Don Hyde, one of the best quarter milers in the state, is a sure winner, and Al Fischl and Humphrey may also take a few places.

**Strong in Distances**

With last fall's championship cross country team as a nucleus, Lawrence should be well high impregnable in the distances. Ray Menning, who has won the 880 in the state meet for the past two years, is expected to repeat again. His running mates may be Humphrey and Fischl. The mile and two mile races will be well taken care of by Wolf, Jesse, Scheurman, Mueller, Pinkerton, and possibly Menning.

**Lack Field Men**

With the graduation of Hipke, McConnell, Heideman, and Nason, not a single veteran remains in the pole vault, broad jump, high jump, javelin throw, shotput or the discus. According to Coach Denney several men have been developed who will be likely prospects to pick up a few points with third and fourth places in their respective events.

In the broad jump, Denney has found in Ellis and Pope, both sophomores, men who are developing rapidly into first class leapers. In the final indoor meet, Ellis made a jump of 19 feet, 10 inches, which should be increased by at least a foot on the outdoor track.

Ellis, Schuerman, and Schneller look to be possible point-getters in the high jump, while Ott, Krohn, Humphrey and Jessup are the best bets in the shotput and the discus. In the javelin, Denney is working with Humphrey, Hoffman, Rummel, Schneller and Rasmussen. Each of these men have good throwing arms, and one might be found who could toss the spear a good distance.

On May 5, Coach Denney plans to take two teams to the Hamline relays, which he will enter in the half mile race, and the medley run. The former will consist of four dashes of 220 yards each, and the latter will be composed of the 220, 440, 880 and the mile.

**Interscholastic Meet**

At the present Coach Denney is making big plans for the invitational high school interscholastic meet, which will be held on the Lawrence track on May 19. Invitations have been sent to all the leading high schools in Wisconsin, and parts of Illinois, Michigan and Minnesota.

## Golf And Baseball Last On Greek Card

After a suspension of activities for over a month, the interfraternity sports race will enter its last lap the latter part of this month, when golf and baseball will spring into action. The medley relay will be run off on April 27, and three days later, baseball, the last major sport on the schedule, will get under way. Golf will be the last event on the schedule, this meet being set for May 17.

**Fourteen Baseball Games**

Regulation baseball will be discarded this year for the playground variety, and the longest schedule ever attempted in interfraternity baseball will be run off. Fourteen games are on the schedule, each fraternity meeting the others twice. The season will open on April 30 with a pair of games, and a double-header will be played every day thereafter, except Sundays, until the schedule is completed on June 2. Playground ball was adopted this year in the belief that it would give more men a chance to enjoy the game, at the time tightening up the race. A longer schedule, it is thought, will keep interest in the season at a higher intensity as a long schedule makes for a closer pennant scramble.

The D.L.'s are leading the inter-Greek race at the two-thirds mark with over five hundred points, at least two hundred more than their nearest rivals, the Theta Phis. Of the remaining points, baseball will bring 175 to the winners, 87.5 to runners up, and 58.33 to third place winners. Golf is divided on a 30-15-10 ratio, and the Medley relay points are split 75-37.5-25 for successive places. In addition the regular five points will be given for entrance, and another five for completion of the schedule.

## Three Days Of Grid Practice Conducted By Coach Rasmussen

Thirty-five Answer Mentor's Call for Spring Football; Fred Miller Assists

Although faced with torrential and midwinter weather conditions throughout the practice period, about thirty-five men responded to Coach Clarence Rasmussen's call for spring football last week. The three days' practice period was run through in rain and snow, which kept the men indoors most of the time, but in spite of difficulties, Coach Rasmussen, assisted by Fred Miller, captain-elect of the Notre Dame eleven, succeeded in giving his men some important pointers in chalk talks as well as grounding in fundamentals of blocking.

**Practice Opens Thursday**

Practice, opening Thursday, was confined to indoor setting up exercises, for the purpose of limbering up long idle muscles. Friday's practice consisted mainly of blocking drill and fundamentals. The blizzard of Saturday kept the number of men out down to about twenty-five, but these men were given a chalk talk of about an hour's duration, after which the squad lined up indoors for more blocking practice.

The practice time came to an end after Saturday's workout, but Coach Rasmussen plans to continue his work on week-ends during the rest of the spring period. The men out for the preliminary training were veterans of last season, and members of this year's freshman squad.

**Will Address Club**

Professor John R. Denyes will speak at the annual banquet of the Neenah club at Neenah tonight. His subject will be "The Wild Man of Borneo."

## High School Track Teams Enter Meet

Twenty-four Entries In Interstate Interscholastic Track Meet Here May 19

By Robert Beggs

Twenty-four high schools of Michigan, Wisconsin, and Illinois have accepted invitations to enter teams in the first annual Interstate Interscholastic Track and Field meet to be held under auspices of Lawrence Saturday, May 19. It is expected that the entry list will be doubled, drawing schools from all mid-western states, before the final date for entries, Monday, May 14.

**Interstate Meet**

The inter-scholastic meets held here during the past few years have been only Fox River Valley meets. This year it was decided to make it an interstate meet in an effort to increase competition and stimulate interest in track and field work in prospective college students.

Schools that have signified their intentions of sending squads are: West Division High, Milwaukee, Pekin, Ill., Riverside, Milwaukee, Lincoln High, Manitowish, Appleton, Cedarburg, Neenah, East Green Bay, Marinette, Antigo, Milwaukee East, Hyde Park, Ill., Lindholm, Chicago, Sheboygan, Escanaba, Mich., Gladstone, Mich., Seymour, Oconomowoc, Wild Rose, Berlin, Kaukauna, Wrightstown, Fort Washington and Valders.

**Records Topple**

Although dope on the individual stars who will be entered has not been obtained it is judged, from the performances of members of some of the above mentioned squads, that practically all of the records set in the Fox River Valley meets will be smashed in the interstate meet. Some of the records that are sure to topple are: 17.4 sec. for the 120 yd. high hurdles, 9 ft. 9 in. for the pole vault, 10.5 sec. for the 100 yd. dash, 55.8 sec. for the 440 yard dash, 2 min. 9.5 sec. for the half mile run, 23.5 sec. for the 220 yd. dash, 28.8 sec. for the 220 low hurdles, 4 min. 59.2 sec. for the mile run, 144 ft. 6 in. for the javelin throw and 1 min. 38.7 sec. for the half mile relay. These records were all made under extremely unfavorable weather conditions; with favorable weather this year it is hoped that marks will be made in both track and field events which will give the meet added prestige in future years.

Coach George Christoph who is in charge of the meet has not yet completed arrangements for the entertainment of the entrants, officiating, or the program.

## Olson Thanks Students For Flower Offering

The following note was received from Walter Olson, '29, who has been confined to a Green Bay hospital as the result of an injury received several weeks ago while representing the college in a wrestling meet:

"I wish to express my gratitude and appreciation to the dearest student body in the world for the flowers I received Wednesday evening, March 28, and to say that I will be back with you Sunday."

## Girls' Swimming Meet Held April 18

The girls' swimming meet will be held at the Y.M.C.A. pool on April 18, at eight-thirty. Miss Agnes Vanueman, recreational director of the Appleton Woman's Club, will act as judge of the events.

The following events to be held will be the forty-yard free style, forty-yard side stroke, twenty-yard back stroke, eighty-yard relay; in form swimming, the breast stroke, side stroke, and crawl, plunge for distance, and diving.

All girls entering any or all of the events must have been swimming at least three times previous to the meet. Girls wishing to enter the meet should give their names to their class managers: Margaret Zemlock, '28, Doris Gates, '29, Irene Fullerton, '30, and Lois Schilling, '31.

**Plays In Chapel**

Beatrice Murton presented a group of organ selections at convocation Friday morning. They included "Entrée du Cortège" and "Benediction" from the "Marriage Mass" by Du Bois, and "Resurrection Morn" by Johnston.

Donald Davis, '26, of the University of Illinois was a guest at the Beta Sigma Phi house last week-end.

## SOCIETY

### Sigma Phi Epsilon

#### Entertains at House Party

At a collegiate party at which the decorations consisted of representative signs and paraphernalia from varied college activities, sports, dances, plays, shows, and room adornments, Sigma Phi Epsilon entertained thirty-five couples Saturday evening. Dr. William McConagha and Miss Jessie Mae Pate were chaperones.

Music was furnished by Harvey Newman's Collegians. Refreshments were served.

### Alumnae Entertain

#### Activities at Dinner

Mrs. William Wright and Mrs. Clinton McCreedy entertained seventeen active members of Mu Phi Epsilon at dinner at the home of Mrs. Wright Thursday evening.

### Theta Phi Gives

#### Easter Party

Easter decorations of lavender and white streamers and Easter favors featured the Theta Phi holiday house party Saturday evening. Dr. John MacHarg and Miss Dorothy Bethurum were chaperones, and music was furnished by Schneller's Vagabond Kings. Thirty-five couples were entertained.

### Holds Breakfast

#### For Faculty Women

Mrs. F. W. Clippinger entertained a group of faculty women at Easter morning breakfast.

### Miss Bowers

#### Entertains

Miss Mable Bowers entertained at a luncheon at the Candle-glow Thursday, April 5, for Miss Frances Durbrown, who is visiting her sister, Mrs. Jansen.

### German Club Will Give

#### Two Plays Wednesday

Two one-act plays, "Gunstige Vorzeichen" and "Die Schulerleiterin", will be presented Wednesday evening at the Methodist Sunday school auditorium under the auspices of the German club.

"Gunstige Vorzeichen" or "Favorable Signs," a comedy, produced under the direction of Edna Neiss and Miss Elizabeth McConkey, concerns itself with mistaken identity. The cast includes Rillberg, Ewald Scheuerman, '29; Caroline, Viola Beckman, '29; Brunhilde, Katherine Hubbard, '30; Holdhaus, Bruno Krueger, '28; and Reiknecht, James Lowe, '30.

"Die Schulerleiterin," or the "Circus Rider," is also a comedy; it concerns itself with the mixture of nobility and circus riders. This play is being coached by Miss Elise Bohstedt and Agnes Huberty, '28. The part of Caesar, a nobleman, is taken by Carl Schiebeler, '30, and that of Englehardt, an estate owner and his friend, by Walter Voeks, '30. Lucie, the circus-rider, is played by Herta Mueller, '30. Luzerne Livingston, '29, plays the role of Otto, the valet of Caesar, and James Lowe, '30, is the footman.

Of the committees in charge of the productions, Helen Bavier, '30, is in charge of publicity; Ernest Enquist, finances; James Lowe, '30, property; and Lloyd Root, '29, lighting. There is to be music between the plays.

### MacHarg Speaks

Dr. J. B. MacHarg spoke to the members of the Two Rivers Rotary Club Monday noon, and in the evening he addressed a meeting of the Men's Brotherhood of the Methodist church in that city.

### Visits High Schools

Norman Knutzen interviewed prospective Lawrence students at Bessemer and Ironwood, Michigan last week. Next week he will interview students at Clintonville, New London, Stevens Point and Wisconsin Rapids.

### Speaks in Milwaukee

Prof. Albert Franzke is speaking at several high schools and interviewing prospective Lawrence students in Milwaukee this week.

## Viking Ariel Goes To Press Today; To Print 800 Copies

### Publication Will Be Of Standard Size Carries Out Norse Theme

The 1929 Ariel goes to press today, according to an announcement made by Arthur Mueller, editor-in-chief. Eight hundred copies of the book, all sold in advance, will be printed.

From cover to cover the entire publication will carry out the Viking theme. The book is bound in greenish blue leather, which gives a beautiful sea-like background for the old Viking warship which sails out across the cover in search of new fields to conquer.

### Sixteen Inserts

Sixteen full-page inserts carrying out the Viking idea are one of the distinctive features of this year's book. The inserts were designed and made by Robert Eads, '31.

Another of the new features of the book is its change in size. This year's publication is to be standard Ariel sizes which is 10 3/4 by 8 1/2 inches. The editorial section of the book will have 288 pages, which is 21 pages more than has ever appeared in previous Ariels, and the athletic section will also contain a greater number of pages.

### Home Concert Of Glee Club Set for Thursday

(Continued from Page 1) the home concert in his usual finished style. His first group consists of "Londonderry Air", by Kreisler, "Fransquita", Lehar-Kreisler, and "Fairy Sailing", Burleigh. For his second number Mr. Albrecht will play the Finale from Mendelssohn's Concerto in E Minor. Messrs. Archie and Seoular, tenor soloists, and Franklin LaFevre, baritone, will give selected vocal numbers.

The climax of the concert will come with the well known "Songs in the Twilight", which has been a part of the Lawrence Glee Club's repertoire for many years, consisting of a medley of Lawrence songs, interspersed with incidental solos by Messrs. Archie, Seoular, LaFevre, Albrecht, Rosebush, and Danberg. The feature of this group of songs is "The Viking Song," Lawrence's new fight song, which the glee club is using for the first time. Everett Rosebush, club accompanist, will also present a piano solo, playing "Man lebt nur einmal", by Strauss-Tausig.

### Motion Pictures

Four reels of motion pictures on the subjects "Through the Switchboard" and "The Magic of Communication" will be shown at a meeting of the physics club which is to be held in Science hall this evening at seven o'clock. It will be an open meeting.

### Books At Library

All the books from the Carnegie Foundation and 1400 prints have been received at the college library and are in the process of being cataloged. They will soon be available at the library.

### Alpha Deltas, Phi Taus Lead Scholarship Roll

(Continued from Page 2) ter though they have brought their first semester average from 83.1 to 83.9 this year. Zeta Tau Alpha is in fourth place with an 83.1 average. They held fourth honors for the first term last year with a grade of 82.2.

Beta Phi Alpha dropped from first place with a 84.9 average for the first semester last year to fifth place with an 82.9 average last semester. Kappa Delta dropped from second place, which they held for the first semester last year with an 83.7 average, to sixth place, with an 82.8 average for last semester. Delta Gamma raised its average from 81.0 for the first term last year to 82.6 last semester and is in seventh place on the list. Phi Mu raised its group average from 81.6 to 82.3 for the first semester but is at the bottom of the scholastic ladder.

The sorority women again demonstrated that they were better students than the fraternity men when they gained an 83.2 average last semester while the fraternities have an 80.8 average. The sorority average for the first term last year was 82.2 and the fraternity average 80.2. Non-sorority women have an 83.8 average while non-fraternity men have a grade of 81.9. The average of all men for the semester is 81.0 while the women hold an 83.0 grade.

The senior class with an 86.8 average takes its customary first place while the juniors, sophomores and freshmen follow with averages of 83.3, 83.1 and 79.4 respectively. The average of the entire college for the first semester of this year has been raised to 82.1 from an 80.8 during the term last year.

## Annual Festival Of Music To Be Held In Chapel May 13-14

### Three Concerts Will Be Played By Minneapolis Symphony Orchestra

May 13 and 14, Sunday and Monday, are the dates which have been decided upon for the annual spring music festival, which is to be held under the auspices of Lawrence college and the Appleton Music Festival association, in the Memorial chapel.

The Minneapolis symphony orchestra has been secured to play for three concerts. For the first program on Sunday evening, May 13, the Schola Cantorum, directed by Dean Carl J. Waterman, will sing Mendelssohn's "Elijah", accompanied by the symphony orchestra. Soloists will be Jeanette Vreeland, soprano of New York, Helen Mueller, contralto of the conservatory faculty, Oscar Heather, tenor, and Barre Hill, baritone.

### Popular Concert

Monday afternoon the orchestra will give a popular concert with Miss Gladys Yves Brainard, pianist of the conservatory faculty, as soloist. A symphony concert by the Minneapolis orchestra will close the festival. Miss Vreeland, soprano, will be the soloist on this program.

Since Sunday, May 13, is Mothers' day, the concert of that evening is being planned to include some recognition of the mothers present. It is hoped that students will have their parents come to Appleton to attend this festival.

Carl McKee, instructor of voice at the conservatory, is again acting as manager of the festival.

## New York University School of Retailing

2 GRADUATE FELLOWSHIPS  
5 SCHOLARSHIPS
